Facilitates the development and growth of enterprises in a conducive environment

---

# WELCOME!

For entrepreneurs to thrive and be drivers of economic growth, they need to be provided with the right knowledge, systems and tools. CoELIB Incubar facilitates the development and growth of enterprises in a conducive environment linking universities, research institutions and the private sector. This development happens through an array of business support resources and services, developed and orchestrated by incubator management and offered both in the Incubar and through its network of contacts. We do this by providing all the knowledge, experience, creativity, networks, access to financing and support that you require as a (new or growing) business. We offer access to physical business infrastructure, tailored business support services and networking opportunities.

We look forward to seeing you establish your businesses to success.
